AGAINST WHEELS HIS LEGS RUBBED

So Close to Death Comes Robert Carr, of Mayfield.

Misses Handles and in Falling Grapes Trucks With Grip of Desperation.

ACT SAVES THE MAN'S LIFE.

Clutching the trucks with his stiffening fingers, while he strained to hold his extended body above the tracks, his feet grazing the cruel wheels at every revolution, Robert Carr, a young man from Mayfield, was rescued from the fast flying passenger train, No. 101, Louisville to Memphis, last evening just in time to save his life.

Carr rode, holding to the trucks by his hands, his feet swinging out over the track and being brushed by the fast revolving wheels of the coach. He had missed the hand rail and had gone under the coach. He grasped the first thing that met his hold, and this happened to be the truck gearing. By a desperate effort he kept his firm grip until the train was stopped. He was taken from under the coach safe and sound, but his experience will probably forever live in his memory.

Carr and Jeff Davis spent Sunday in Paducah. They tried to "beat" their way back and waited for the train to pull out. Special Officer Kirk and Patrolmen Harkey and Slattery were watching for them and Davis was caught by the police who did not find Carr. They saw him dive for the coach, but disappeared. The train was stopped, the officers believing Carr to have been ground to death.

The only fact that Carr escaped having both legs cut off is that he was half intoxicated and did not realize his perilous position. The wheels of the coach had worn through the cloth of his trousers to the skin. A hard left would have broken his hold and both legs would have been cut off.

Carr and Davis were fined \$5 and costs each in police court this morning for "jumping" the train.

SUCCESSORS EMBARKER.

John Rector New Sporting Writer of The Bulletin.

Mr. John Rector, formerly telegraph editor of the Cairo Bulletin, but who has lately been working in Knoxville, Tenn., passed through the city Sunday en route to Cairo where he today went to work on the Bulletin as telegraph and sporting editor.

Mr. Rector succeeds Mr. M. J. Parubaker, resigned. It is not known what Mr. Parubaker is going to do. He is one of the best posted men in baseball league affairs in this section of the country. He has made a specialty of baseball writing and while he is erratic and some times creates disfavor, is nevertheless "there with the goods" in baseball.

Mr. Rector's ability has already been tried and will make the Bulletin a good man for the place. Mr. Rector spent Sunday in Paducah with friends.

STEALING MILK.

Small Boy With Bottles Seen Leaving Pasture.

Railroad employees pasture their cows in the Cross creek bottoms near the Thompson stock yards. Some one tore a portion of the fence away and a cow escaped. Lycurgus Rife, cow police, saw the bovine and drove her back. He noticed a small boy running like mad, and curious to know the reason, gave pursuit. The boy dropped two objects when the police began riding him down and the objects were secured by Rife. They proved to be quart bottles filled with milk fresh from the cow. The youngster had slipped into the pasture, milked the cows and was profiting by his ingenuity and dishonesty. He may have been operating for some time, but a watch has been set by the shop men and no unexplained loss of milk will result.

FOUR PER CENT DIVIDEND

Declared by Globe Bank and Trust Company.

At the meeting of the directors of the Globe Bank and Trust company Saturday afternoon a semi-annual dividend of 4 per cent was declared.

The circulation of The Sun for May averaged 4,001 a day. When you advertise in The Sun you know what you are doing—you are not buying space, but circulation.

GOVERNOR PARDONS.

Ice Cream Dealers Convicted of Selling Their Wares on Sunday.

Frankfort, Ky., July 2.—Governor Beckham granted pardons to H. E. Lewman, W. H. Brown and J. W. Pittinger, of Louisville, who were fined by Magistrate Hoffman for keeping open on Sunday and selling ice cream as employees and stockholders in the Union Ice Cream company.

TEACHERS

Will Be Elected at Meeting on Tuesday Night.

Board of Education Has Several Matters to Consider, Including Report.

The board of education will meet tomorrow evening in regular session. There is not a great deal of routine business, but the matter of electing teachers will come up.

There are about 17 teachers to elect, a majority being colored. A music and an English teacher are to be selected. There is a deadlock in the matter of filling the latter position, but this will not interfere with the election of other teachers.

Mr. Fred Hoyer, superintendent of buildings, will report five tin roofs in need of paint, and contractors will be asked for bids on the entire job. The school houses are the Garfield and Lincoln, colored, Jefferson, Lee and Longfellow. The contractors who have placed bids so far are Dunn, Croason, Perry and Finch. Supt. Lieb will present his annual report with a few recommendations of a minor nature.

OYSTER BAY.

Looms Into Prominence Again With Bored-Coming.

Oyster Bay, July 2.—President Roosevelt's vacation has begun in earnest. There will be a certain amount of work for him every day, however, in the line of official correspondence. With the home-coming of the president, Oyster Bay experienced its annual waking-up.

LABORERS

Imported to Do Work for Street Car Company.

Southern Bitulithic Company Also Is Short of Help and Will Send Away.

The Paducah Traction company is preparing to go into its improvements right and will employ all the labor it can get.

Saturday afternoon and Sunday Italians began arriving from the north to work on the car line extensions and other track improvements to be made this summer. They number 100 and half of them are here already. They were furnished by a northern employment agency and camped near Wallace park last night. The company is unable to secure labor here and was forced to import it.

The Southern Bitulithic company, which is rebuilding Kentucky avenue, Jefferson street and side streets, from Fourth street to Ninth street, is also having trouble with labor, but the work will be impeded but little. All men who want to work are employed and this morning the concrete work began again with half a force. The company has sent away for labor.

LIBERTINE ARRESTED.

New York, July 2.—Henry A. Short, a society man and university club member, is held prisoner today, charged with having ruined two 14-year-old girls. The police searched Short's apartments and say they have complete evidence of Short's practices. Sensational stories in connection with the Thru-White case led to Short's arrest.

ACROSS ATLANTIC DAUGHTER SAILS

In Race Against Death to Her Father's Side.

J. L. Kilgore Said to Be Dying in Belgium, Where He Is Attended by Old Friend.

FORMERLY INTERESTED HERE.

Anderson, Ind., July 2.—In a little town in Belgium Ex-Governor W. T. Durbin is nursing his old friend and neighbor, J. L. Kilgore, a well known capitalist of this city, while Mr. Kilgore's child, Mrs. M. C. Norton, and husband, are spending across the Atlantic, hopeful of reaching Mr. Kilgore before the end comes.

Mr. Kilgore went abroad in the hope of restoring his health but suffered a serious relapse and was taken from the train at a little station in Belgium and relatives were notified by cable.

Mr. Kilgore operated stove and heading factories for years at Paducah and also owned a line of boats plying on the lower Ohio and Tennessee rivers. He is one of Anderson's wealthiest men and his home next door to the Durbin residence, is the finest in the city.

Mr. Kilgore was principal stockholder in the Paducah Coopersage company until this year when he sold out everything from business on account of his health. He was ill in an infirmary in Louisville several weeks and when he recovered, sufficiently he went abroad in search of health. He went with Governor Durbin.

His son, William Kilgore, is still connected with the coopersage company.

QUIET FOURTH.

Many Little Parties Scheduled for the Day.

July Fourth in Paducah will be comparatively quiet this year. Several excursions will be run in here on the river and the railroads will have reduced rates in and out of the city to local points. Numerous family parties are planned and many people will spend the day quietly out in the woods and across the river.

At Wallace park there will be a performance at The Casino in the afternoon as well as night and fireworks are also arranged for the night. The other attractions at the park will attract many people to that place.

GUARDS FIRE.

Without Provocation They Precipitate Bloody Affray.

Dillonvale, O., July 2.—Disastrous results followed the outbreak Sunday afternoon between the guards employed by the United States Coal company and the striking miners at Bradley. Five miners and six guards were shot, one of whom died this morning. The trouble was started by guards who were drinking. They began firing without provocation.

"HOP ALE."

Suspicious Name of Sunday Beverage in Court.

Frank Reynolds, colored, conducting a refreshment stand at Elgin and Ohio streets was fined \$20 and costs this morning in police court for selling intoxicants on Sunday. He is alleged to have sold "Hop Ale," and "Pale Ale," which are said to be intoxicating.

FINANCE REPORT.

Tonight the council will be presented with a finance report, one of the highest of the year. The following are a few items of interest in the recommendation of the finance committee: School board pro rata amounting to \$12,000; floating debt account, \$1,200; library appropriation, \$2,000; bills, accounts, salaries, etc., \$9,000; interest due on bonds, etc., \$1,489.

Collections Heavy.

City Treasurer John J. Dorlan collected close to \$20,000 Saturday. It was the last day before the penalty is added, and he kept open after dark to accommodate the taxpayers. The total collections for the month amount to nearly \$75,000, a very good month's work for the popular treasurer.

RUSH SEWER WORK IS COUNCIL SLOGAN

Report Will be Made by Joint Committee Tonight.

Special Session Has Been Called to Hear Recommendations of Experts on Subject.

EXTENSION FOR THIS FALL.

"Without delay the general council will take up the matter of extending the sewer system," said Alderman Palmer of the committee today.

Tonight the joint committee will report to a special session of the joint boards, which Mayor Vesper has called. This report will embody the plans prepared by the sanitary sewer experts of Chicago, and City Engineer Washington will be present to throw light on the subject.

The plan the committee is desirous of rushing is the construction of an extension to the present down town trunk sewer so as to take in all the territory between Jones and Trimble streets and the river and Thirteenth street. This will include the railroad shops and the high school building. It is the aspiration of the committee to finish this work before winter.

Plans for sewerage the whole city along definite and economical lines are in the hands of the committee, but the central part of the city is most urgently in need and this will be undertaken as soon as the work can be started. It is probable that special sessions of the general council will be held until the scheme is gotten under way.

KNOCKED BOY DOWN.

And Stole Bundle of Clothes on Saturday Night.

Will Wilkerson, colored, was arrested this morning on the North Side, by Patrolmen Ernest Hill and Courtney Long for alleged robbery. It is alleged that he struck Thomas Smith, a 16-year-old messenger boy employed at the Pantorium to deliver clothes. Saturday night the boy was sent to 408 North Third street to deliver to T. H. May a suit of clothes. Two negroes slipped up behind near Madison street and knocked him down, grabbing the bundle of clothes and making their escape.

Mr. Al Bishop, residing near the boy's cries and went to his assistance. This morning the police began an investigation ending in Wilkerson's arrest. His partner has not been apprehended.

RUN TO CAIRO.

Pleasant Trip Taken Sunday by Automobileists.

Messrs. Henry Arenz, Ben Welle, C. M. Budd and P. D. Fitzpatrick made a run to Cairo in their automobiles yesterday. They left Paducah at 7 o'clock and arrived in East Cairo at 10 o'clock. The machines were left at this end of the bridge. The return was made in the late afternoon when the heat abated. The party returned single file. Mr. Budd blew a casing en route home and Mr. Charlie Welle blew a casing at the start, and was prevented from enjoying the run. These were the only accidents. Mr. John Koller intended to go but his machine broke down on the Cairo pike. It will be out of the shop in a day or two.

FOREST PARK.

Colored Resort and Home Burned With no Insurance.

The theater, dancing pavilion and residence of Henry Reynolds, colored, in Howlandtown, known as Forest Park, burned Saturday afternoon about 4 o'clock and all was lost, including the household goods of Reynolds. The fire started from an attendant burning rubbish preparatory to a dance at the park Saturday night. The fire department could do nothing, this being out of the city limits. The loss is estimated at a figure not exceeding \$1,000 with no insurance.

Fifteen Dollars Stolen.

While Aubrey Taylor and family, of 919 Clay street were at supper, Saturday, some one entered the house and stole \$15 which had been left lying on the mantel.

Declares Dividend.

The Paducah Laundry company declared its semi-annual dividend of 4 per cent today.

Local thunder-showers this afternoon or tonight, Tuesday probably fair and cooler, is the forecast. The highest temperature reached yesterday was 85 and the lowest this morning was 73.

Mr. Fred B. Ashton, civil service examiner for this district, today received authority for three more examinations for civil service positions. They are as follows: Fish culturist, bureau of fisheries, August 8; surveyor, Philippine service, August 8-9; and marine fireman, August 8.

BUSY WEEK

Spent by County Superintendent and Teachers.

Institute and Commencement With Annual Feature Proved Most Interesting.

The busiest week of the year in county schools was finished Saturday and this morning J. M. Billington, county school superintendent, was in his office for the first time in over a week. He attended all meetings during the past week, and was one of the busiest men in the county.

The county institute, under the direction of Prof. J. Coats, of Princeton, Ky., was in session the entire week. On Tuesday evening Prof. Coats lectured to the forty-two teachers in attendance on "Literature," and the feature proved a very good one.

The county school commencement was held Thursday night and the speaker of the evening was Prof. O. Winfrey, candidate for state superintendent at the next Democratic primary.

On Friday night the alumni of the county schools met. There was a total of one hundred and fifty in attendance and it proved one of the most successful meetings the association ever held. Music and luncheon were features of the alumni meeting.

Two Fortunate Misses.

Louisville, July 2.—The Times today announces Miss Maud Miller, of Elkhart, and Miss Anna Ford, of Smith's Grove as among the practically sure winners in the Courier-Journal trip to Europe contest.

HAPPY SECRET

Cherished by Young Couple for Whole Year.

Robert Browder and Miss Eva May Mingus Married in Metropolis Last July.

Living at home with her parents and receiving formal calls from her youthful sweetheart, Eva May Mingus, of 1200 Broadway, kept her marriage to Robert Browder for nearly a year. The fact was divulged to their families only yesterday that they had been wed in Metropolis, Ill., July 10.

Mrs. Browder is the pretty 17-year-old daughter of C. C. Mingus, an inspector for the Illinois Central railroad. She and Robert Browder had been sweethearts for two years, and determined to marry. The young lady knew that while her parents liked Mr. Browder, they would object to her marrying so young. So they slipped away quietly to the "treble Green" across the Ohio, and were married. Then they returned to Paducah and lived just as they had always, content to cherish their secret until the bride should become of age.

RESTORE CONFIDENCE.

Washington, July 2.—Secretary Wilson today issued an official statement, concerning the new system of meat inspection to be immediately put into effect, in accordance with the law passed by congress last week. The statement is intended to restore confidence in the canned meat product of American packing institutions.

REPORTS FOR JUNE SHOW BIG BUSINESS

All Lines Are Prospering And Prospects Encouraging.

Crop Reports Give Optimistic Force to Conditions and Real Estate Is Active.

ONLY ARRESTS ON DECREASE.

Business in all lines during June showed good increases over the same month last year. The wholesale trade has been excellent and manufacturers especially report good bookings of orders.

The crop prospects are, so far, fine and this gives an optimistic tone to all lines of trade. Conditions in the south and southwest, Paducah's best territory, are especially roseate.

Real estate has been active the last few weeks, and good prices obtain. There has not been as much building as last year, but the building trades have been fairly busy. Most of the construction work going on has been for people who are to reside in the homes they are building.

There is a noticeable decrease in the number of vacant houses in the city, and good houses command good rent.

The Railroad Shops.

June has proven a successful month to the shopmen. It brought an increase of force in the mechanical department, and work has been plentiful.

In the Courts.

June has not been a busy month in courts. The special term of McCracken circuit criminal court was the most important session. It resulted in the conviction of six prisoners.

Post-Office Receipts.

The post-office report has not been compiled, but from what can be secured in the rough, the increase over June, 1905, will amount to about \$125.

Burial Permits.

The total number of burial permits issued by the city clerk for June is 21, 5 colored, 17 white.

The Finance Report.

Alex Kirkland, city auditor, has compiled the June finance report to be presented to the council tonight. Balance June 1, \$68,705.07; collections, \$64,278.52; total debit, \$132,983.59; disbursements, \$20,589.81; balance July 1, \$112,393.78.

Fire Chief Report.

Fire Chief James Wood reports a quiet month in June. There was a total of 12 runs, the most disastrous fire being the Gallagher house, at Second and Clark streets, where the damage will amount to over \$1,500 with \$700 loss.

Coroner's Report.

Coroner Frank Baker reports a quiet month in June. He held ten inquests and investigations.

Riverside Hospital.

At the Riverside hospital the report for the last month is as follows: Patients in the hospital at the first of the month, 11; admitted during the month, 24; at the hospital this date 11. No deaths and no births.

I. C. Hospital.

The report of the Illinois Central hospital for the month of June is as follows: Number of patients in the hospital at the first of the month, 18; number admitted during the month, 65; number of deaths, 1; no births.

Stamp Deputy's Report.

Deputy L. L. Bebout reports total collections for June \$8,514.57. Stamps were sold for 572 barrels of whiskey.

Building Permits.

City Engineer L. A. Washington issued seventeen building permits in June, a comparatively small number, but most of the work under way was started from permits of May. The cost of the buildings range from \$35 to \$2,500.

Railroad Business Rushing.

The railroads report a substantial increase in business over June, 1905. The Illinois Central freight traffic department reports an unparalleled haul.

Saturday's Results.
Paducah 4, Mattoon 2.
Cairo 5, Vincennes 1.
Jacksonville 1, Danville 0.

Today is an off day. No games in the Killy league.

The Indians arrived from Mattoon this morning at 7:45 o'clock with three straight from the Hoosiers to their credit, having won Sunday's game by a score of 1 to 0. "Speedy" Wright pitched the game and beat "Round-house" McCarty, premier twirler of the Hoosier aggregation. Hits were even, two and two, but Mattoon made one more misplay than is credited to the Indians. It was a pitcher's battle and ended three well-played games, a series of satisfaction.

Today is an off day and the Indians will rest. Tomorrow Mattoon plays here and a two game affair will be featured on the Fourth, probably a game in the morning and another in the afternoon, although this arrangement has not been definitely settled. The Indians are in good trim, "Red" Perry being in the game again.

Yesterday's score:
R H E
Paducah 1 2 1
Mattoon 0 2 2
Batteries—Miller and Downing;
McCarthy and Johnson.

Rain Interfered.
Vincennes, July 2.—A large number of enthusiasts were disappointed today when rain interfered with the Cairo-Vincennes game. The game will be played off probably today, it being an off day.

Another Raw One.
Danville, July 2.—The Soldiers played rotten ball in the field yesterday afternoon and the whole game was marked by dirty, disgraceful tactics on the part of both the locals and the visitors. In the eighth the ill feeling between the two teams came to a climax when Hoyercross knocked down Berte, the Jacksonville shortstop as a result of an argument. Hoyercross was fined and sent to the bench. Haltman, the new twirler for Danville, pitched superb ball and won many friends.

The score:
R H E
Jacksonville 5 1 1
Danville 1 3 7
Batteries—Fox and Helt; Haltman and Quiesner.

Saturday's Games.
Indians Win Second Game.
Mattoon players found Tadlock effective:

The score:
R H E
Paducah 4 3 2
Mattoon 2 2 3
Batteries—Tadlock and Downing;
Joker and McCarthy and Schissel and Langdon.

Tulpeas Take a Game.
Cairo bunched hits and won with ease.

The score:
R H E
Cairo 5 9 1
Vincennes 1 8 2
Batteries—Hatch and Searies;
Whitley and Mattison.

Bellies Get a Game.
Jacksonville got the game through errors.

The score:
R H E
Jacksonville 1 1 1
Danville 0 5 4
Batteries—Akers and Helt; Christman and Quiesner.

The writer referring to criticism, or rather strictures aimed at him in the Vincennes Capital relative to the paying the official scorer at Princeton last season, will state that he had nothing to do with the matter, but he knows that there was no money left in the treasury after Pee Dee Gee

Malaria Makes Sickly Children.

"got his." Furthermore the league owes the writer \$100 for two months salary in 1904 and former Secretary Greaney, writer, \$100 for two months salary in 1905. Mr. Greaney never put in any claim for his salary, but the writer did for the \$100 due him in 1904. President Gonnoli, representing Vincennes, favored the claim of the writer, who could have withheld it out of the funds in his possession but preferred not to do it in the interest of harmony. Relative to the records of the league, the writer can easily convince anyone "from Missouri," that he has in his possession the ONLY COMPLETE RECORDS of the Killy league since its formation in 1903.—Cairo Bulletin.

A stop by Haas of Wetzel was one of the prettiest ever seen here. Moran, a fast runner, was going to first and the throw by Wetzel was a little wide. Haas glided his foot to the bag and extended his gloved hand, and stretched out full length, resting on his bare one, he nailed the throw in time to catch his man.—Vincennes Capital.

Red Perry was unable to play because of a badly injured finger, which will keep him idle for several days.—Vincennes Capital.

Wetzel killed hits for Moran, Barbour and Chenault, his stops off Moran's hat electrifying the crowd. His work was wonderful and it is seldom anything like it is seen in the big leagues.—Vincennes Capital.

A general element of dissatisfaction prevails among a large number of enthusiastic fans, and threatenings and murmurs are heard on all sides because Mattoon business men are receiving no patronage at all from visiting clubs. Everything is labelled "Charleston" and it turns out to be a case of "the tall wagging the dog." Even the Mattoon-Charleston team make their headquarters at Charleston and the idea prevails it gives the members of the club better opportunity to take advantage of the lax discipline which is evidenced on all sides.—Mattoon Star.

The Paducah team left this morning for Mattoon where they open a series of three games today. They will then go home for fifteen games and will no doubt climb up a few before they strike the road again. We cannot understand how in the world Cairo ever beat her those six games. Did SHE play "ten men"?—Vincennes Sun.

Mr. Maurice J. Farnbaker, alias "His Jaglets" and other sobriquets too numerous to mention, has resigned his position as sporting and telegraph editor of the Cairo Bulletin. His resignation will take effect July 1. What Mr. Farnbaker contemplates doing, he has not made public. If he does not write for another paper, the league will miss his dope. Other papers around the circuit please copy. Give "His Jaglets" a last farewell, while you're about it.—Cairo Citizen.

The Indians played what is generally called "good ball" on the circuit. Here is the record. It is satisfactory to the fans in Paducah and speaks for itself:
Cairo vs Paducah, lost three.
Danville vs Paducah, won three.
Jacksonville vs Paducah, won three out of four.
Vincennes vs Paducah, lost three.
Mattoon vs Paducah, won three.
Out of a total of 16 games, they won 9 and lost 7. If the Indians do that well at home, the pennant is ours.

"His Jaglets" Talks.
With this issue of the Bulletin, the writer lays down his penell believing that he has earned the right to take his usual annual vacation which will be spent as on former occasions—having a high old time watching the other leagues play ball and incidentally advancing the interests of the many good men in the several clubs of the Killy league by recommending them to faster company.—Cairo Bulletin.

McClain a Hoosier.
"Brownie" McClain arrived at noon today from Terre Haute and will probably be seen in right garden this afternoon.—Vincennes Sun.

L. A. L. On the Fourth.
No amateur games were reported here yesterday, but the L. A. L. team will play in Metropolis on the Fourth. The L. A. L. team has defeated the Metropolis boys once this season.

FROM BEHIND

His Assaults Struck Him and Made Their Escape.

Thomas Smith, 15 years old, a messenger boy employed to deliver clothes for the Panatorium on North Fourth street, was struck down from behind Saturday night early while on North Third street and a bundle of clothes he was delivering, was stolen. The boy was going to the residence of T. H. May, 408 North Third street. Two men were seen to run away with the clothes. The boy was picked up by Al Bishop. His head was found to be cut and bruised.

Purse Snatched.

STOPS ALL ITCHING

Doan's Ointment Stops Eczema and Itching Piles—Paducah People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Paducah testimony to prove it:

L. H. Fitzhugh, of 323 Jefferson street, dealer in typewriting machines, says: "I am only too pleased to recommend Doan's Ointment to anyone suffering from piles, either itching, bleeding or protruding. Any remedy which gives such effective relief as Doan's Ointment deserves the endorsement of the public. For eight or ten years I was a victim of this annoying trouble, and until I procured Doan's Ointment at Alvey & List's drug store and used it I never got any permanent relief."

Dr. Pierce's Favorite Prescription.

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of all its ingredients being printed in plain English on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that is in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.
Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—treatment of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are free for the asking.

If you suffer from periodical headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative, two or three a cathartic.

CHIEF COLLINS; MOTHER HUBBARD

Popular Official Robbed of His Smoking Dinner.

Had Invited Commissioner Clark to Eat With Him, But Delicacies Are Slig.

THREE NEGROES ARRESTED

Chief of Police James Collins enacted Mother Hubbard up-to-date Sunday. He did not willingly assume the role, but had it thrust upon him. Chief Collins can now appreciate the deplorable dependence the aged character of fablelogy on the revelation of her poverty after her famous visit to the cupboard.

Chief Collins was Sunday at noon made the victim of one of the most audacious thefts in the history of local crime. He was robbed of his Sunday dinner, and the theft was probably the most complete of its kind ever committed in Paducah. The most humiliating feature of the affair was that Chief Collins alone did not suffer.

He resides at Fifth and Jones streets and had invited Fire and Police Commissioner Mann Clark to dinner. He was at police headquarters with Commissioner Clark at the noon hour. A telephone message from home summoned them to the roast.

"Dinner is on the table and waiting for you," was the message, and Chief Collins was at home in the next quarter of an hour.

With keen anticipations the chief and his companion entered the gate. The family was on the front porch waiting for them. Hats were removed and with low preliminaries the hungry chief and his friend were escorted to the dining room. When they entered the table was bare of all edibles. Even the dishes were gone. The first impulse of the chief was to laugh at the joke, but a glance at his wife's face stayed the threatened outburst of glee.

Dinner finally was served, but with some delay. The cook worked overtime and the whetted hunger and thirst of the party was finally appeased.

Meantime the police worked and worked as they never worked before. Their efforts were rewarded, and in a short time after the robbery three negroes were arrested. They are Charles Johnson, Charles Jones and Will Holmd, who claim Memphis, Tenn., as their home. They all had on new pairs of shoes and admitted that they got the shoes in a box car above Princeton, Ky., but later denied this. Patrolmen Brennan, Hurley and Singery arrested the three on the South Side, and some of the plates were found in possession of the prisoners. The plates were also located.

More Serious Charge.
Charles Johnson, Charles Jones and Will Holmd, three negroes arrested yesterday for stealing Chief of Police James Collins' dinner, will have to face a more serious charge than petty larceny. They will have to stand trial for box car breaking, and evidence is today being collected against them.

Special Officer Dick Tolbert, of the Illinois Central, left this morning for Princeton to investigate a confessed robbery of a box car. He goes to secure the hiding links of evidence, not depending on the confession of one of the trio made to him yesterday. Officer Tolbert "sweated" the negroes and one "came clean," giving the officer a history of their travels and pilferings.

"They refused to say anything at first, but I finally got Jones to talking and he said they broke into a box car near Princeton," the officer stated. "The bottom of the car door was loose and they pried it open. The car is No. 3698, and has been sent out at Princeton. Three pairs of trousers and three pairs of shoes were taken, the negroes donning the clothes when they stole them. They came here on freight train No. 155, Conductor Arnold and Engineer Phelps, and were put off between Louisville and Princeton four times."

Get Six Months.
Charles Johnson, Charles Jones and Will Holmd, charged with stealing Chief of Police James Collins' dinner, were this morning given six months each in county jail by County Judge H. T. Lightfoot.

The way in which the three were arrested is amusing. A negro residing near Tenth and Tennessee streets missed his dinner and was with Patrolman Brennan when the three negroes were found with a supply of pies. The negro could not identify the pies as his and Patrolman Singery and Hurley brought the negroes to the city hall, where Chief Collins identified the plates. Chief Collins had met the negroes soon after they left his house, but did not recognize his own pies and plates.

IN CONSTRUCTIVE STATESMANSHIP

Forty-Ninth Congress Excelled, Says President.

Adjourns At Close of Fiscal Year of Federal Government After Long Session.

SOME OF THE LAWS ENACTED

Washington, July 2.—Promptly at 10 o'clock Saturday night Vice President Fairbanks in the senate and Speaker Cannon in the house declared the final adjournment of the first session of the 59th congress. For the first time in history the government congress adjourned in the day which closed on the fiscal year.

Constructive Congress.

Washington, July 2.—President Roosevelt Saturday on the adjournment of congress dictated a statement concerning the work accomplished during the session just concluded. It says that the present congress has done more substantial work along the lines of "real constructive statesmanship" than has been accomplished by any session of congress with which the president is familiar.

Following is a list of the laws enacted.

Railroad rate bill; meat inspection measure; pure food law; investigation ordered of the transportation of coal and oil; lock canal for Panama and \$23,000,000 to continue work; admitting Oklahoma and Indian Territory as a state and allowing Arizona and New Mexico to vote on it; tax taken off denatured alcohol; uniform and more strict method of naturalizing aliens enacted; the immunity of witnesses from prosecution who give testimony before government tribunals restricted; one million three hundred and twenty-five thousand dollars for Jamestown expedition in sundry civil bill; consular service given a complete new legal status, which will permit of an entire re-organization; "the largest battleship afloat" authorized, but plans must be sent to congress at its next session; law defining and punishing hazing; the annual appropriation for the state militia doubled; bill intended to preserve the scenic beauty of Niagara Falls; tariff to be collected by the Philippine government on goods entering the island trade revised; employers' liability law for railroad and other employees engaged in hazardous employment; speedy appropriations for San Francisco sufferers, including \$2,500,000 and supplies from government stores; nearly \$900,000,000 of appropriations.

These failed of passage:
Reduction of tariff on Philippine products; ship subsidy bill; immigration bill and injunction bill; eight hour bill; federal control of insurance; Santo Domingo and Morocco treaties.

Greatest Railroad Project of Century.

"Beginning at the Atlantic ports of Halifax and St. John, and running across the continent through the heart of the mineral, forest and wheat country of Canada, a great new railroad system is being surveyed, is in part already building, with its Pacific terminus at Port Simpson. The new system is the Great Trunk Pacific, with a main line 3,600 miles in length—essentially the greatest railroad enterprise of the twentieth century," says Richard A. Haste, in Technical World Magazine for July.

One of the main branches—already surveyed—runs northwest from Hazelton in the Rocky Mountains to the city of Dawson, of Klondike fame, in the Yukon. And of this line President Charles M. Hays, of the Grand Trunk Pacific says: "Speaking of the proposition made by a syndicate of Russian and American capitalists to tunnel Bering Strait for the use of an inter-continental line through Alaska and upper Siberia, our Dawson branch will form the necessary connecting link."

Doubtless before the middle of the century is reached, it will be possible to travel by rail, without change, from New York to Berlin or any other of the capitals of continental Europe. But long before then the Grand Trunk Pacific will do its work of opening up the old land of Prince Rupert to civilization and prosperity.

Daily Thought.

"We all of us want something ad-
ded to our daily bread. Our dispo-
sitions are so that we cannot assim-
ilate the actual without some garnish-
ings of the ideal."

CURFEW.

We doubt very much that the bur-
glars will pay any more attention to a
midnight curfew than the children do
to the earlier call. Of course, if the
burglar refuses to conform to the
rules of the game and stop "burgling"
at 12 o'clock, the ordinance will be of
little avail, and as that is the bur-
lar's busiest time, it scarcely can be
expected that he will desist in re-
sponse to a regulation with the adop-
tion of which he had nothing to do.
In fact, the curfew ordinance should
meet with his unqualified approval,
because it is to be expected that the
patrolmen will be so occupied ques-
tioning pedestrians on the street, that
they will have little time for guarding
property.Nor do we in our mind's eye see
the good citizen scampering home
when the deep tones of the warning
boom out on the midnight air. We
can imagine, though, the disgust of
the tired traveler, just off the train
with a suspicious appearing bundle
under his arm, when he is stopped
and quizzed by a guardian of the
peace as to his business in Paducah.
The truth of the matter is, that no law
this city, the state of Kentucky or the
United States of America can pass
may be executed so as to deprive the
citizen of his right to walk the streets
at any hour he pleases or at any pace
he assumes. Certainly, we all ought
to be in bed at that time and if rigid
discipline in this regard were enforced
we might feel better next morning, but
this happens not to come within the
police powers of a municipality.As to the burglar, he is the last
person to be overtaken by a patrol-
man in his perambulations. Police-
men are well aware that it is the first
duty of a "good" burglar to "spot
the copper" on the beat on which he
intends to operate, and the burglar
knows the whereabouts of the un-
iformed policeman all the while. That
is where he has the advantage over
the householder, who wants one in an
emergency. Knowing where to find
the copper, the burglar is not likely
to encounter him in making an es-
cape, and the burglar is about the
only criminal who flourishes after mid-
night. Pickpockets and hold-up men
necessarily must work while the
crowd is out. Most citizens who stay
out until after midnight are pretty
well plucked by then.As to stopping suspicious char-
acters, the policemen now have ample
authority, and the only effect, it
seems, of the curfew ordinance would
be to specify between what hours
this authority may be exercised.The idea of a curfew ordinance was
suggested by a desire to terminate
Paducah's "carnival of crime." The
city, in truth, is infested with thieves,
but there is not one theft of recent
record that can be classed as a "pro-

A STORY WITHOUT PUBLISHABLE WORDS.

fessional job." Sneak thieves, who
enter open windows and grab articles
promiscuously, hold-up men, chicken
thieves and purse snatchers belong to
the heterogeneous mob of the under
world, who turn their hands to any-
thing but honest toil.These offenses are committed by
local people probably, and every pa-
trolman on the force is presumed to
know practically every bad character
in Paducah. If any policeman does
not, he should speedily be introduced
to them or dismissed. The average
policeman would "spot" a stranger al-
most as soon as the latter made his
appearance on the beat, and the new
comer's associates would serve to
classify him.The county authorities have given
the city department a tip by eluding
away the "river pirates." A "go to
work" order appears more efficacious
than a curfew ordinance in breaking
up this kind of crime. There is a
growing demand for labor in Paducah,
while there are some habitues of the
"barrel houses," who steadfastly re-
frain from participating in the indus-
trial activity. It is from this class the
ranks of the lower criminals are re-
cruited. They are not afraid to break
into a residence, but they are afraid to
"break out" in a perspiration.
They should be given a few hours in
which to choose between going to
work and going to the work house.
We wager they would go to Cairo.

THE BEAUTY MARKET.

Vanity and the love of money. Why
have not the moralists in their straining
after a lesson in the Stanford
White murder pointed out these two
factors that induced the mother of
Evelyn Nesbit to take her daughter to
the beauty market in New York?
The tragedy throws no sinister light
on society; for the bloody deed was
not the culmination of a campaign for
social achievement. The stage career
suffers no light by the incident; for
honest player folk, conscientiously
striving for the sake of art, are en-
titled to our respect. Dramatic talent
the girl seems to have possessed none;
only her rare, ravishing beauty. And
her mother took her to the great mart,
where beauty finds its highest appre-
ciation. And there in waiting was the
connoisseur, Stanford White, ready to
add the latest comer to his private
collection. Every year the attractive
reign of the "show girl" calls to the
metropolis young women whose faces
are their fortune, and, devoid of other
attributes, they soon learn that in-
stead of being a qualification for a
"career," beauty, unsupported, is only
a marketable asset of perishable val-
ue.The record of the fifty-ninth con-

keeps your whole system right. Sold on the
corner back also everywhere. Order forgress will make its session stand out
conspicuously above its predecessor
for many years, and the influence of
the executive department is stamped
on its legislation. Much of the good
work and the efficacy of reform laws
are due to the president's firmness,
backed by his "big stick," which
ever has been wielded on the side of
honesty. This congress is to be known
as the "two billion dollar" congress,
but the figures fail to startle any
more, and as a matter of fact, several
hundreds of thousands of dollars ap-
propriated for departments will be
returned in revenue through the
same sources. The debates of this
congress were of a higher order than
have been noticeable in recent ses-
sions and there was a lack of provin-
cialism in the attitude of the rep-
resentatives on questions affecting the
whole nation. There was an absence
of the special lobby, a business-like
way of inquiring into the needs of
departments and methods of expendi-
ture and a wholesome spirit of in-
vestigation in special interests. The
senate probably manifested a more
statesmanlike attitude on the whole,
but there is honor enough for all.A national association for the sup-
pression of the snake eye has been

Hot Days Beneficial.

It is strange we never stop to real-
ize that the hot days are good for us.
They are not, just as they are good
for crops. Nature sends the hot days
to give us a good "sweating"— If
the use of the vulgar word is permis-
sible for in this way it eliminates
some of the poisons from our sys-
tems. If we would get out of doors,
instead of sitting in the shady nooks,
and take two or three hours in the
open air with the "holing sun" bail-
ing us right we would feel lots bet-
ter, and be lots better.This is no correct theory, and is the
theory that prompted the invention
of the hot-air treatments I am giving
with much success. In my practice,
When used in connection with Osteo-
pathy it is a specific for the ailments
that give us Paducahans the most
trouble malaria, chills and fever
and hilloiness, and I can in just
a few minutes show anyone suffering
of these ailments why they yield so
readily to the treatment. I can refer
you to people you know who will at-
test to my statements.If you feel drowsy, and tired; feel
like you had a taut band around your
head which was being drawn closer
all the time; if you are suffering of
indigestion of any form, a course of
Osteopathic and dry hot-air treat-
ments will bring a quick cure, and
do so without the aid of anything
but skills to Nature.My office hours are from 9 to 12
and from 2 to 5. Dr. G. B. Froage

ON THE JOURNEYVacation Time Suggests a
Theme to Dr. Cave.Successful Tent Meeting Comes to
Close Wednesday—Several
Conversions.

AT THE CHURCHES YESTERDAY.

Vacation time suggested to the
Rev. W. E. Cave, pastor of the First
Presbyterian church, the subject of
his sermon Sunday morning, "Quiet
Resting Places." His text was taken
from the scriptural promise that the
chosen people shall rest in quiet places,
and with incidental reference to the
manner in which people generally
spend their vacation time, the
minister mentioned some of the
quiet resting places in life. Among
them are obedience to parents, per-
formance of duty and the honest
meeting of other obligations of life.
These he said give spirit of quietude
to life even in the most strenuous en-
vironments, and form the only an-
swer to the human cry for rest.Next Sunday night the Children's
Day exercises will be observed in the
Presbyterian church. Next week the
annual Sunday school picnic will be
held.

Tent Services.

Three services were held at the
revival Rev. P. H. Fields, assisted by
Rev. Davenport, is conducting under a
tent near Fifth and Jackson streets.
The Rev. Davenport had three strong
sermons yesterday and several addi-
tions were made to the church. In
the morning his topic was: "The
Mind and the Master." After this ser-
vice he took up a collection for the
mission and church benevolence,
amounting to over \$100. For his ev-
ening topic the Rev. Mr. Davenport
chose "An Old Love Story." This
proved to be one of the most fore-
boding of his talks since the inaugu-
ration of the meeting. The Rev. Peter
Fields has decided to close the meet-
ing next Wednesday evening. So far
over 60 additions have been made to
the Third Street Methodist church
as a result of the meeting and it is
estimated fully 200 conversions.

The Second Baptist.

The regular services were held yester-
day at the Second Baptist church.
This morning the Rev. E. H. Cun-
ingham, the pastor, left for Oak
Trove, a place near Mayfield, where
he will conduct a revival, assisted by
Rev. J. R. Stewart, of Lone Oak, Ky.

Broadway Church.

"Phillip's Address to the Church,"
was the subject of the Rev. Thos. J.
Newell's morning sermon at the
Broadway Methodist church Sunday,
and at night he spoke on "The Lost,
Who Are They and Where Are They?"
There was one addition to the church
in the morning service.—Big dance July 4th at Wallace
Park. Always delightfully cool.

Mayor Yelver will suggest that Overstreet be sued for a forfeiture of his bond. The matter of drafting an ordinance authorizing the sale of a franchise for street car tracks on Nineteenth street from Broadway to the Mayfield road, will also come up and there will be abundance of new business and reports from committees on old business.

TRIAL IN OCTOBER FOR HARRY THAW

District Attorney Jerome Returns to His Office.

Some Astonishing Revelations Involving Unsuspected People Made by Wife.

CORROBORATIVE TESTIMONY.

New York, July 2.—Important developments in the Thaw murder case are expected this week. District Attorney Jerome has returned to New York from his fishing trip to Cape Breton and under his orders all the circumstances of the killing of White will be gone into thoroughly.

Jerome said today that as there are eighteen murder cases ahead of Thaw's the trial will probably not be reached before October.

For the time being, at least, the actual issues involved in the murder committed by Thaw are submerged in the amazing disclosures that have come to light during the last few days—disclosures which deal with the unmentionable orgies of a group of rich and influential men, of whom White is alleged to have been the acknowledged leader. Tales of things unmentionable which have been whispered about the Tenderloin since the shooting on the top of Madison Square Garden have now the backing of sworn evidence.

The result of the investigation began Thursday at the district attorney's office into the peculiar practices which Stanford White and his friends were said to have followed is now known. Fully a dozen women and girls, some of them very young girls, have been brought to Mr. Nott and Mr. Garvan separately. They all told practically the same story.

These witnesses say White was the chief promoter and designer of gatherings where the maddest of rites and the strangest of excesses were performed in company by all present. They name as his accomplices at least eight men, all wealthy, all prominent and some of them famous. The list includes bankers, business men and professional men of supposed unimpeachable standing and morals. Many of them are middle-aged, and all, with perhaps one or two exceptions, are married.

At Judge O'Connell's office it was stated that one of the men accused along with White had sailed for Europe since the shooting. Another man who is badly needed as a witness in the John Doe proceedings which Mr. Nott is conducting has also disappeared. He is said to have been the man who acted as go-between in leasing one of White's several scattered "studios." The existence of this particular studio has just been learned. It is in West Twenty-fourth street. The nominal lessee was seen a day or two ago, but now he cannot be found.

Evelyn's Disclosures.

These disclosures, it is said, will come through Evelyn Nesbit Thaw, who will take the stand at the trial of her husband. She will be the principal witness for the defense. On the word of the only man who has heard the young wife tell her story, it will be the most astounding in its revelations and the most disastrous in its effects upon the reputation of men prominent in this community that have ever been heard inside the walls of a court house.

TWENTY-SEVEN

PEOPLE KILLED WHEN SPECIAL TRAIN IS WRECKED.

All But Four Are American Tourists On Way to London—Engine Jumps Track.

London, July 2.—The American line special from Plymouth, carrying forty-seven passengers, who had embarked last night from the steamer New York, from New York June 23, was wrecked at Salisbury, eighty-three miles from London at 2 o'clock Sunday morning. Twenty-three passengers were killed and four trainmen.

The train had passed Salisbury station at high speed. On a sharp curve just beyond, the locomotive jumped the track and plowing up the rails crashed into a westbound freight. The engine mounted the girders of the railway bridge over the river Avon and turned turtle.

There were three passenger coaches in the train. The first shot past the locomotive crashed into the railway bridge. The second and third car toppled over and were completely destroyed.

Rescue parties were at work instantly but were of little purpose and the injured remained in the debris a long time.

The bodies extricated were laid in rows on the station platform awaiting identification.

All physicians in Salisbury were summoned and devoted themselves to the wounded.

Patriotic Service.

An Evansville telegram says: "Local river pilots are greatly displeased over the recent rulings of the supervising inspectors in regard to the display of signals. Under the old law the pilots were to give two signals in indication that the slower boat would pass to the left, and one signal that the boat would pass to the right. Under the new ruling these signals are reversed, and many of the older pilots declare that they can not become accustomed to the new signals, and that there is liable to be a confusion."
